## Use of ICT in college

ICT spreads its network in every sector of life. Education is not out of it. The havoc exposure of digital movement results in a positive import in India. But it is already non-that the digital knowledge of the rural students is lower than that of urban students due to lack of digital exposure and facility. Therefore, the students of the rural area suffer from many communication gaps in different sections. Consequently, in this digital age, the lag behind the other urban students. Sariya college, Suriya (Giridih) situated in a rural area, has adopted various measures to raise the level of digital consciousness and competency digital environment. With this objective in view, the college has established the ICT based teaching-learning system. ICT enabled 5 classroom, smart room, seminar hall & love make the mission of the college authority successful. The ICT infrastructure of the college help to maintain the entire education system fit and fine during the pandemic caused by covid-19 when the students have been out of campus for a long time.

The old methodology of teaching ‘chalk-talk-walk technique’ has certain limitations such as board management, neet diagrams and handwriting skills. In the modern context contemporary sitting or favoring curricula are developed to emphasize capabilities and concerns towards the application of the information. ICTs can provide strong support for all that requirements and there are now many outstanding examples word-class setting for competency and performance-based curricula that make sound use of the technologies. The integration of information and communication technologies and help revitalize teacher and students.
