

Infrastructure of this department:

The infrastructure of an institution plays a vital role in the development of the college as the students are now focusing on the quality of labs, classrooms and other required modern facilities while selecting a college. The college has very good infrastructure with advanced classrooms and laboratories and have witnessed a remarkable growth in infrastructure development along with the academic developments that have taken place over the past few years especially in last two years. The Sariya College, Suriya has state-of-the-art infrastructure and learning resources including ICT enabled classrooms, Smart classrooms are getting popular now-a-days and the college have an eye over the technology so that the students are benefited. The teaching – learning process is supported by the adequate infrastructure of the Institution. 1 class room is ICT enabled. Computer Lab has been upgraded with new technology supported with ICT, LAN, Smart Boards, CCTV Cameras, and Wi-Fi facilities. Equipment such as laptops, web cameras, printers, projectors, etc should be accessible for students and should be given to them according to their needs. Training for the use of ICT devices. Consequently, to meet the demand for greater supply of electricity, the college provides 24 X 7 alternate power supply that are maintained by Green Generators with DG Motors. The entire campus is Wi-Fi enabled and all departments have Internet facility. The campus is fully covered under fire safety norms and several Fire Extinguishers have been installed for security and safety of all laboratories, computer labs, classrooms and at various places on the campus as required. The Library recognizes the importance of functioning in a thoroughly professional way taking into consideration the interest of all departments. The library is housed in the main building of the college with 70 seating capacity for reading purpose. The library is a member of INFLIBNET. The digitalization of library through SOUL 3.0 has resulted in the easy access of information from any computer within the campus on subject / author- wise book, account information like books borrowed and due date to return, penalty to be paid, if not returned intime, and so on. It also facilities retrieval of information. Library has a wide collection of Books, Reference Books, Rare Books, Journals, Periodicals, Newspaper,

Previous Year Question Papers, Photo coping facility, e-journals, Audio-Video Materials etc. A specialized service provided by the library includes INFLIBNET facility with Network Centre for access and download the e-resources with SOUL 3.0 software facility for searching the library resources. Solar Energy Corporation of India, a 3 KWp Solar Power Plant has been installed on the top roof of Main Administrative Building to generate electricity from renewable energy source which saves the 50% monthly electricity expenses of the institution and reduces environmental pollution. Language laboratory and e-library have undergone effective modernization of instruments and equipment not only to meet the current requirement of modern teaching -learning but with view to developing these infrastructural facilities through constant monitoring. These are maintained with keeping in view that these centres are the prime learning resource where various research works is carried out. The infrastructure and learning resources are upgraded according to the need of students with qualitative and quantitative facilities for overall personality development of students. The Institution provides congenial environment for holistic development of students. Apart from academic facilities it also promotes co-curricular and extracurricular activities, such as:

Sports Facility

- College has a spacious playground which is used by students to practice and play various outdoor games and sports
- Various sports events and group display events like Yoga, and PT are organized on the occasion of Annual Sports
- Every year Annual Sports Day has been organized with full zeal and zest
- The campus has Badminton Court for the students
- College has a spacious Indoor Stadium on the campus where various tournaments are organized round the year
- Yoga centre of college is also a major attraction for students

Cultural Stage & Open Auditorium

- College has a spacious Auditorium with projector and audio-visual facility where various cultural, co-curricular and extra-curricular activities have been organized regularly
- Various important days are also celebrated.
- Scholarship, Awards and Certificates have been distributed to meritorious students and winners of different events on the occasion of Annual Day.

Fire Safety Facility

- The fire safety devices have been installed throughout the premises.
- College also arranges Mock Drill for Earthquake and Fire Safety Drills from time to time to make students' aware, sensitize and prepare for any fire hazards.

Safety - Security Facility

- To strengthen it further a number of CCTV cameras have been installed at various locations on the campus, classrooms, library, cafeteria, students' common room and main gate of the college.
